Dear Greg & Heather:

Thank you for being a great contractor/builder of our new home at Fripp Island. The entire experience was a pleasure and we would have no hesitancy building with you again.

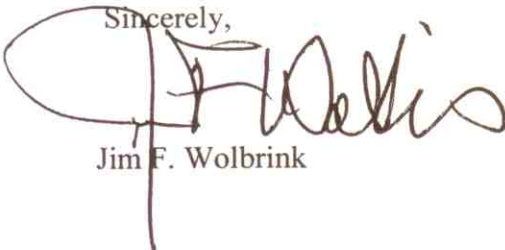

Your cost estimates were realistic. You helped considerably in getting variances and permits with both the county and FIARB. Throughout the process Greg supervised on-site and Heather and Nancy kept on top of details. It was very helpful that we met regularly both at the construction site and in the office. Whenever we saw anything that wasn't just right, Greg was right on top of our desires.

We are impressed and pleased with the quality of construction throughout the process and particularly the finishing. All of your subs were also very good to work with.

All in all we are very pleased and happy to recommend your company to anyone who may be considering a new home. It has also been a pleasure to make new friends.

You are welcome to show prospective clients our home.

Sincerely,

Jim F. Wolbrink
